

ICT-YES!  
SPANISH TEAM DIARY

Tuesday, 8 October 2019.

Today was an intense day. First, we met with all the Erasmus guys and we did the presentation about the architecture in Alicante. We listened to all the others presentations too, and after that we did an activity with the rest of the Erasmus guy. After that, we've gone to visit Kaunas center. For example, we saw the Castle, the Church of the Christ Resurrection and more buildings. We also took the funicular and it was so cool.

Today, was a very busy day, we woke up early to catch the bus at around 8:00 am and travelled to the city Nida, which was 3 hour ride. Along the way, we got to see the city Klaipėda that was the capital of the Kingdom of Prussia for a year and is the oldest city in Lithuania and also has the most important Lithuanian sea port. We later went to a ferry that allowed us to later visit Nida. During the trip we visited the Smiltynė beach in the Baltic Sea. Later, we were in a natural park where there were many trees, although some of them were leafless because the birds had eaten them but the people who work there seemed fine, since then, they have left them, And then we finally arrived to city Nida. In there we saw one of the most beautiful dunes in Lithuania. Also we visited a 14 metres sundial. After that we took a group picture and had free time in a city centre. In there we had a tasty lunch and after that we walked around. At 18:00 we got on the bus and then we went home. The bus ride home was one of the funniest experiences because everyone was interacting and singing together. Finally, at 22'30 we arrived in Kaunas because the stop that we made was quite long because there was only one bathroom.

Today we have gone to the high school to pick up our certificates. We saw beautiful performances, the first one, consist in a concert of girls playing violins and the piano and the second one were another concert of kids singing and playing instruments. Then we played a game with all the Erasmus students and we learned a traditional Lithuanian song. After that we spent time with our host families and friends.
